

Where Technical Expertise Meets Environmental Solutions

Capabilities Statement  
Environmental Services  
Industrial Hygiene Services  
On Demand Staffing  
Waste Management Support

## Business Summary:

MarCom, LLC (MarCom) is a woman-owned small business with offices in Idaho Falls, Idaho; Butte, Montana; and Fort Collins, Colorado. Founded in 2003, MarCom provides environmental services industrial hygiene services, radioactive waste management, and on demand staffing to U.S. Department of Energy sites as well as commercial customers.

MarCom's service approach and reputation is built on technical credibility and provides the highest caliber of qualified individuals for a diverse range of compliance areas. We are also committed to customer satisfaction and strive to be the supplier of choice. To achieve the operational excellence required to meet this goal, we align our business systems and readily adapt our operations to help meet milestones and schedules. Due to exemplary services performed, MarCom was awarded DOE's Small Business of the Year Award for Fiscal Year 2019.

## Core Capabilities:

Environmental Remediation —On Demand Staffing — Environmental & Industrial Hygiene Services

### Expertise:

- Phase I, Phase II, Phase III Environmental Site Assessments (ESAS)
- Ground Water Monitoring Program Design and Implementation
- Remedial Pilot Testing and Design Services
- Data Management Services
- Storm Water Pollution Prevention Plan (SWPPP)
- Spill Prevention, Control, and Countermeasure (SPCC) Plan
- Industrial Waste Characterization
- Waste Management and Disposal Services
- Site Reclamation and Inspection Services
- Project- Specific Regulatory Compliance Plans
- Nuclear Engineering and Radioactive Waste Management
- Air Discharge Permitting and Compliance
- Site Reclamation and Inspection Services
- Aerial Inspection and Imaging Services
- Project-Specific Regulatory Compliance Plans
- Regulatory compliance and support
- Remedial design and implementation
- Technical report preparation and submittal
- Environmental sampling of soil, groundwater, surface water, and air
- Remedial pilot study design and implementation
- Asbestos Training
- Asbestos Services
- Certified Industrial Hygiene (CIH) Services and Consulting

## Environmental Services

Environmental services offered include environmental site assessments, environmental compliance, field sampling and data analysis, remediation, waste management, and regulatory reporting. MarCom can complete any of your environmental needs, from initial site assessments, delineation and sampling of soil and groundwater, field remediation, remedial system design, operation, and maintenance, to reporting, and site closure. We can serve as a regulatory liaison for your project from beginning to end.

- Phase I, Phase II, and Phase III Environmental Site Assessments (ESAs).
- Site investigations and associated data analyses for petroleum hydrocarbons and other contaminants.
- Groundwater well installation oversight and geological logging.
- Project-Specific Regulatory compliance plans
- Environmental sampling of soil, groundwater, surface water, and air.
- Remedial pilot study design and implementation.
- Remedial design and implementation.
- Regulatory compliance and support.
- Technical report preparation and submittal.
- Management of radioactive, hazardous, mixed (radioactive/hazardous), and industrial waste.
- Fate and transport modeling and exposure pathway assessments.

## Industrial Hygiene Services

Industrial Hygienists are trained to anticipate, recognize, evaluate, and recommend controls for environmental and physical hazards that can affect the health and well-being of workers. The CIH is the gold standard certification for practicing safety and health professionals. Industrial hygiene services offered by MarCom include asbestos training, asbestos services, workplace air quality testing, chemical exposure monitoring, health and safety plans, exposure assessments, indoor air quality (IAQ) evaluations, noise exposure monitoring, heat stress, and ergonomics. MarCom can support your regulatory safety and health needs (OSHA, MSHA, and EPA).

- AHERA asbestos worker, contractor supervisor, inspector, and project manager initial and refresher trainings
- AHERA Certified Asbestos Inspectors
- AHERA Certified Asbestos Project Designers
- Asbestos renovation and abatement oversight
- Asbestos air sampling
- Workplace (breathing) air quality services
- Chemical exposure monitoring
- Health and Safety Plans
- Regulatory compliance and support
- Exposure assessments: heavy metals (lead, arsenic, cadmium, mercury, manganese, hexavalent chromium (Cr6)), silica, carbon monoxide, hydrogen sulfide, formaldehyde, solvents, ionizing and non-ionizing radiation and more
- IAQ evaluations
- Noise exposure monitoring: noise characterization, noise mapping, and personal noise sampling
- Heat Stress evaluations and recommendations
- Office and industrial ergonomics

## Past Performance:

Clients: (DOE, DOD, Battelle Energy Alliance, USDA Forest Service, Idaho Environmental Coalition, Fluor Idaho, APTIM, Four Rivers Nuclear Partnership etc.) Awarded DOE's Small Business of the Year Award for Fiscal Year 2019
